SUBJECT: Englebright, California; Retraction of Easements

Mr. Curt Aikens
General Manager
Yuba County Water Agency
1220 F Street
Marysville, CA 95901-4740

Dear Mr. Aikens:

Department of the Army Easement Numbers DACW05-2-11-566, DACW05-9-95-604 and DACW05-2-75-715 for the power plant structures at the Englebright Lake Project are not valid, and because of this we are retracting these agreements. Permission to use the land under Army control was ordered under Federal Energy Regulatory Commission (FERC) Project Numbers 2246 and 2246-047.

Should you have any questions regarding this matter, please contact Ms. Elizabeth Youn of my staff by email at elizabeth.a.youn@usace.army.mil or by telephone at (916) 557-7013.

Sincerely,

A handwritten signature in blue ink that reads "Paul V. Zianno".
