RE: Determination of Eligibility for Our House Dam Road (CA-SIE-1849) for the Log Cabin and Our House Diversion Dam Sediment Management Plan Implementation, Yuba River Development Project, Yuba, Sierra, and Nevada Counties (FERC No. 2246-079)

Dear Mr. Aikens:

The Yuba County Water Agency (YCWA) is continuing consultation with the State Historic Preservation Officer (SHPO) to comply with Section 106 of the National Historic Preservation Act of 1966 (as amended) and its implementing regulation at 36 CFR Part 800. YCWA is consulting on behalf of the Federal Energy Regulatory Commission (FERC) which has licensing authority of the Yuba River Development Project hydroelectric system (FERC Project No. 2246).

At this time YCWA is consulting on the National Register of Historic Places (NRHP) eligibility for Our House Dam Road (CA-SIE-1849H). Previously YCWA had thought impacts to the road could be avoided; however engineering complications during Plan implementation have necessitated the need to evaluate the Road pursuant to Section 106.

YCWA has determined that Our House Dam Road does not meet any of the NRHP criteria for listing. Your letter indicates no comments have been received from consulting parties regarding this determination. Pursuant to 36 CFR 800.4(c)(2), **I concur** that CA-SIE-1849H is not a historic property.

If you require further information, please contact Anmarie Medin of my staff at (916) 445-7023 or Anmarie.Medin@parks.ca.gov.

Sincerely,

Julianne Polanco
State Historic Preservation Officer
