FERC Project No. 2246-065
Errata to Amended Final License Application**

Dear Secretary Bose:

On June 2, 2017, the Yuba County Water Agency (YCWA), as owner and operator of the Yuba River Development Project (Project), FERC Project Number 2246, filed with the Federal Energy Regulatory Commission (FERC and Commission) an Amended Application for a New License Major Project – Existing Dam (Amended FLA), pursuant to 18 C.F.R. Section 5.17. On July 21 and September 15, 2017, YCWA filed with the Commission certain errata to YCWA's Amended FLA.

This letter files with the Commission additional errata to YCWA's Amended FLA. The errata do not change any conclusions by YCWA in its Amended FLA or affect YCWA's proposed conditions for inclusion in a new license. The errata corrects errors in a spreadsheet used to calculate Project benefits, and primarily effects Exhibit B, Exhibit D and Section 4.0, Developmental Analysis, in Exhibit E.

For ease of reference, Attachment 1 of this letter lists the errata. Attachment 2 includes the revised Table 7.2-2 from Exhibit B showing the errata in underline/strikeout, and includes a clean copy (redlines accepted) of Table 7.2-2. Attachment 3 includes the revised Table 7.4-1 from Exhibit B showing the errata in underline/strikeout, and includes a clean copy (redlines accepted) of Table 7.4-1. Attachment 4 includes the revised text in Exhibit D showing the errata in underline/strikeout, and includes a clean copy (redlines accepted) of Exhibit D. Attachment 5 includes the revised text in Section 4.0 of Exhibit E showing the errata in underline/strikeout, and includes a clean copy (redlines accepted) of Section 4.0.
